[1] Represents gross shipments of the mineral Indicated by the industry name less minerals transferred to other establishments for preparation or less minerals received from other establishments for preparation.

[2] Represents expenditures during the year for both new and uaed plant and equipment.

[3] Represents thousands of barrels of crude petroleum, field condensate, and drips shipped or used.

[4] Ftepresents millions of cubic feet of natural gas shipped.

[5] Represents net shipments of natural gaa liquids only. The quantity is in thousands of barrels.

[6] Figures for primary services performed in otter industries are included with those for primary services by establishments classified in the specified industry.

[7] Figures for shipments of primary products of establishments classified in other Industries are included with those for establishments classified in the specified Industry.
